- Over **6,417** cases of extrajudicial killings verified since Feb 2021.
- **525** cases submitted to Independent Investigative Mechanism for Myanmar(IIMM).
- A total of **28,643** human rights violations have been systematically documented since February 21, 2021.

JUNTA BOMBING OF STARLINK HUB KILLS 12 CIVILIANS, WEAPONIZING DIGITAL BLACKOUT IN MAGWAY

On 16 October 2026, junta jet fighters and Mi-35 attack helicopters launched unprovoked airstrikes on a Starlink internet hub in Thitgyitaw Village, Yesagyo Township, dropping a 300-lb cluster bomb on civilians gathered to charge phones and access the internet.

Since the illegal coup, the junta has systematically cut off telecommunications across resistance strongholds to conceal atrocities, sever community support, and shield its crimes from global oversight. By targeting a Starlink center, the sole communication lifeline for blacked-out communities, the regime intentionally violated the public's right to information and destroyed vital data flows.

Highlighting the strike on a non-combatant area, ***an eyewitness recalled: "There were no clashes here. The junta directly targeted civilians relying on the Starlink hub due to total power and internet blackouts."***

The attack killed 12 civilians—including a 1.5-year-old toddler, a 7-year-old boy, and two NUG online education teachers , injured 19 others, and displaced over 9,000 residents.

✳ AIR STRIKES & HEAVY ARTILLERY

During October 2026, targeted air strikes struck non-combatant areas — specifically educational facilities and IDP camps— resulting in 212 civilian fatalities, including 23 children.

✳ HUMANITARIAN ASSETS BLOCKED

In late September 2026, the junta deployed K8W fighters, cluster bombs, and heavy artillery against flood-affected communities across Dawei, Thayetchaung, Yebyu, and Launglon Townships, causing casualties and secondary displacement.

Military Junta imposed severe restrictions and arbitrary checks on aid groups and volunteers, intentionally blocking life-saving humanitarian assistance to compound-crisis victims.

"UN SPECIAL RAPPORTEUR: JUNTA'S CHANGE OF CLOTHES WILL NOT MASK ITS ONGOING ATROCITIES"

In her first report to the 81st UN General Assembly, Special Rapporteur Kelley Anne Eckels-Currie highlighted the worsening human rights crisis, stressing that the regime's superficial changes will not alter ground realities: "The overall human rights situation in Myanmar continues to deteriorate and is characterized by ongoing, widespread and systematic violations of human rights... The military leadership has changed their clothing and their titles but not their fundamental approach to governance. Their level of brutality towards the people of Myanmar has only increased. The Min Aung Hlaing regime remains the greatest source of civilian death and suffering, instability, impoverishment, corruption and gross violations of human rights in Myanmar... Neither the military's change of clothes nor the wishful thinking of other Member States will improve the human rights situation on the ground in Myanmar as long as impunity is the order of the day."

SPOTLIGHT ARREST BY JUNTA

(From 1st February 2021 - 31st October 2026)

Total Number of Arrested (Data by AAPP)

32,258 PPL

Child Arrested

641 PPL

Women Arrested

6,667 PPL

Political Party Members Arrested (Data by NLD)

Party Members **2,744** PPL

Members of Parliments **150** PPL

- 170 attacks on NLD offices documented, resulting in the **deaths of 8 MPs and 125 NLD party members**.

Press Freedom Case (Data by ATHAN)

281 Documented Case

18 Currently Detained PPL

13 Deceased PPL

Ends Impunity! Call To Action

- **Enforce Targeted Sanctions**: Block aviation fuel supply and revenue streams funding the junta's military apparatus.
- **Support International Accountability:** Support proceedings in the ICC, ICJ, and UJ cases in national courts.
- **Direct Humanitarian Assistance**: Channel cross-border humanitarian aid directly through local CSOs and frontline responder networks.

Data Dashboards Announcement

The NUG's Human Rights Department has launched four interactive dashboards—focusing on **Massacres** , **Human Rights Violations** , **Unlawful Conscription** , and **Aerial Attacks** — to document the human rights situation in Myanmar. Designed for researchers, diplomats, and international advocates, the platform offers interactive mapping, casualty trends, and verified impact reports on civilian communities. The public and international community can access these empirical datasets by scanning the QR code or visiting www.hrd.nugmyanmar.org.
